

TRS2

Model	TRS2	Battery Type	Li-Ion	Max Trust	270 N (60.7 lbf)
Use	Technical	Voltage	25.2 V	Max Speed	70m/' (229 ft/')
Lenght	780 mm (30.71 ")	Power	22 Ah	Range Max/Cr/Min	65'/130'/180'
Ø Body	210 mm (8,27 ")	Capacity	555 Wh	Max Deep	150 m (492.12 ft)
Ø Conveyor	335 mm (13,19 ")	Dry Battery	Yes	Water Temperature	-5/+35°C (23/95°F)
Material	Aluminio Marino	Over Pression Valve	No	Software	"Pilota 5"
Total Weight	21.5kg (47.40lb)	Cut Off	Yes	Way of Use	Lin. / Seq.
Trim	Neutral	Battery residual led	No	N° Speed	5 (standard Seq.)
		Battery Charger	90-240V 50-60 Hz	Acceleration Ramp	Programmable
Price	€ 3600 + Vat	Charging Time	5 h	Motor	Magnet Permanent

Note:

Duration varies depending on the speed , the position and the equipment of diver , and is misured in continuos ignition.

Duration is specified at max. speed 100% - cruise speed 50% - min speed 30%

Maximum speed is with the aid of standard propeller with 3 blades and the load of an average diver with double tanks 12+12.

Way of use is choose with the aid of software "Pilota 5" and may be Linear or Sequential.

Neutral trim in fresh and salt water obtained by placing two different weights.

Price is VAT and shipped excluded. Price is valid for EU Countries. Price out EU call direct dealer or our sales service.

Options::

Tools - Holder plate for body

Photo / Video support for body

Pull out Propeller

Support for transport

Carbon kit :
Carbon Pull out propeller
and carbon conveyor

Tools - Holder plate for conveyor and auxiliary handle
